IN THE COURTS

There Were a Number of Cases in Police Court Today.

The Terrell Suit Given the Jury This Afternoon in Circuit Court.

SPECIAL CRIMINAL TERM

Madame Florence Patton, of West Kentucky street, was fined \$10 and costs for using insulting language and \$20 and costs with W. C. Argo for adultery in the police court this morning on motion of the prosecuting attorney. She was subsequently given by Chief of Police Collins until 7 o'clock this evening to shake the dust of Paducah from her feet.

Argo, whose father is sheriff at Nashville, is said to be a sport and gambler, and had been laying about the Patton woman's house drunk for several days. Friends were sent out to get him after his wife had made complaint to Chief Collins, but they were refused admittance to the house. Finally after a sensational scene the house was entered and the man was taken away, and today his father arrived for him.

The Patton woman afterwards rang up Argo's wife and abused her for which she was fined \$10. The Patton woman has been keeping a bawdy house in Paducah for many years, but the police say she can't keep one any longer, and she must leave today or be warranted and fined daily.

John Baker, white, was fined \$30 and costs for raising a disturbance at J. W. Burton's boarding house.

The breach of ordinance case against the Register was dismissed.

The robbery case against Kid Wilson was again left open.

A case against Wm. Frogg, colored, for alleged coal stealing, was continued. It seems the defendant had some coal for the gas company which he failed to deliver, or delivered at the wrong place.

A case against Herman Stark, for carrying a deadly weapon concealed, was dismissed. He had a razor but said he used it only to shave.

SPECIAL CRIMINAL TERM.

Circuit Judge Wm. Reed expects to call a special criminal term of circuit court for the third Monday in March to clear the docket, which is well crowded with cases the defendants in which are in jail unable to give bond, some of them having been for several months. The regular term of court begins the first Monday in April, and the entire criminal term will last about four or five weeks, the special to be merged into the regular term of court.

THE NEXT TAX RATE

The Finance Committee Will Recommend \$1.65.

Held a Meeting This Morning—Reported That the Schools Will Be "Shy."

MAY SHAVE RATE TO \$1.60

The joint finance committee of the general council held a meeting this morning at the city hall to discuss the tax rate for the year, and present were: President Reed, of the board of aldermen, and Chairman Hannan, of the council, and Aldermen Orme, Singleton and Kraus, Councilman Ingram, and Mayor Yeiser.

The amounts necessary to run the various departments were carefully considered, and it was stated after the meeting that the tax rate to be recommended will be \$1.65 as forecast in The Sun yesterday, although President Reed stated an effort would be made to shave it down to \$1.60, five cents less than the past year.

The council will hold a called meeting this evening to hear the recommendation of the committee, and the board of aldermen will be asked to act on it tomorrow night at the regular meeting. The council will also act again on the street car franchise sale.

If a tax rate of \$1.65 is agreed on, it may possibly result in a clash between the legislative boards and the board of education. The latter have asked the boards for \$45,000 claiming that this much is needed to run the schools, while if the tax rate is fixed at \$1.65 the probable total valuation of city property will enable the boards to raise but \$35,000 for the schools with the maximum levy under the charter, 35 cents, which is the same amount the schools received last year. The members of the board of education claim that they can get an injunction and compel the general council to make the tax rate large enough to raise the money they need, \$45,000 if the general council has to impose the limit, \$1.85, which is the largest tax rate second class cities are allowed. It seems some of the members of the legislative boards are under the impression that they can make the tax levy what they please and then give the schools their 35 cents, no matter what the latter may be, or whether it is enough, or not half enough, to run the schools.

From present indications there is to come up a nice question in this connection for the boards to settle.

THE BALL PARK

MANAGER SAM JACKSON PREPARING TO MAKE IMPROVEMENTS.

Manager Sam Jackson has formed definite plans for the improvements at the ball park and will begin work on both the grand stand and grounds as soon as he can get all bids in and ascertain whether or not the cost will be too great to move the grand stand. "I will cut the middle flight of steps out of the grand stand," he stated, "and will have but one entrance. Both ends or one end of the grand stand will be arranged for a general exit so that the entire crowd can step down and out of the grand stand. I have contractors figuring on rolling the ground and one moving the grand stand. If I do not have it moved, I will make a plank walk from the car tracks to the park."

Mr. Jackson also intends to inaugurate a new plan at the gate. He will have one walk way leading to the bleachers and one to the grand stand. He will assign the patronage to the proper place from the gate and this will do away with ticket takers at the grand stand.

The osteopaths of the state are trying to have a bill passed providing for the appointment of an osteopathic examining board.

HIT BY THE CAR

Dairyman W. Y. Griffith Seriously Hurt.

A Street Car Struck His Wagon and Knocked the Dairyman Unconscious.

BUT HE WILL RECOVER

Mr. W. Y. Griffith, the well known dairyman, met with an accident this morning about 6:30 o'clock near the corner of Clay and Sixth street, and is seriously injured.

Mr. Griffith was driving his milk wagon across the street car tracks when struck by car No. 57, in charge of Motorman Robert Humphrey.

The wagon was completely demolished, the windows knocked out of the vestibule of the car and Mr. Griffith thrown out and his left shoulder broken and crushed, his nose broken and deep gashes inflicted over his right eye and on the left temple.

He was taken to a relative's residence at 527 North Sixth street, near the scene of the accident, and Drs. B. B. Griffith, the injured man's brother, Harry Williamson and P. H. Stewart summoned to attend him. The injuries were dressed and the patient later removed to his home in Rowlandtown. He was rendered unconscious for a short time but soon recovered his senses.

Motorman Humphrey claims he was ringing his bell violently and thought Mr. Griffith would not attempt to cross the tracks ahead of him. The wagon was turned zig zag across the tracks and before the car could be stopped, was struck. Motorman Humphrey stepped back and escaped being out by flying glass.

The damage to the car will amount to little, but the wagon was demolished. The horses escaped damage, the wagon being struck from the rear.

A BUSY DAY

WRECKER DOES GOOD WORK ON THE ILLINOIS CENTRAL.

The I. C. wrecker returned last night from Luzerne where eight cars blocking the mine tracks were set on the rails again. The cars had made it impossible to switch in coal cars and many men were thrown into idleness for a day or two.

The wrecker was started south to Covington last night to work a freight wreck. Engine No. 700 was reported to have smashed through several box cars and turned over. The local wrecker did not make the trip however, as the wrecker from Memphis was sent out.

A small wreck was yesterday worked at Greenville, Ky., where several cars were piled on top of each other. No one was reported injured in either of the three accidents.

WAS "HOODOED"

COMPLAINT OF AN ALLEGED OOKE FIEND LANDS HER IN THE LOCKUP.

Samantha Gray, colored, who lives on South Eighth street, created much excitement at the residence of Mrs. William Ellithorpe this morning early.

She had been taking on "coke," it is said, and imagined she had been "hoodooed." She went to Mrs. Ellithorpe's and informed them that some negro had put a switch and two black bottles under a front porch and "hoodooed" her. She stated further that she would not return until the bottles and switch had been removed. The police were notified of the woman's condition and she was arrested and locked up. She was in no condition for trial this morning and was not brought into city court.

ABOUT THE HALL

Chief Woods Doubtful in Regard to Automobiles.

Board of Public Works May be Appointed tomorrow—Counterfeiting News.

THE STREET CAR FRANCHISE

Chief Woods of the fire department, does not seem to be in favor of the move started by Councilman J. S. Jackson to purchase automobile hose carriages and trucks for the local fire departments, as he claims the machines are not satisfactory, and many of the cities that own them are rapidly discarding them for the more reliable horse.

The cost of them is somewhere near \$5,000 more than for the same kind of apparatus for horses, but if they do the work they do in some places, and are what they are guaranteed to be, they save an immense amount of money. For instance the six or more horses in the local departments soon wear out, and their feed costs hundreds of dollars a year. The city could save perhaps 25 per cent of the present cost of the fire department if there were no horses, but Chief Wood does not think the automobiles would be satisfactory. Councilman Jackson states that he brought up the matter simply to start an investigation, and that if it develops that the city can save money and get as good service, he will be in favor of the change.

A lively fight is likely to come up in the municipal legislative boards over the small franchise asked by the street car company for making a slight change in its route on North 12th street and sold for \$25. It was claimed by members of the council that a former board adopted a resolution not to sell any franchise hereafter for less than \$500. Some think that the resolution is not binding on the new board, or on any other board, in fact is not binding at all, and some of the new members declare they are not in favor of such a foolish policy.

The advertisement for the sale of the franchise, signed by Mayor Yeiser, says, "which sale will be made at public outcry to the highest bidder, for cash in hand," etc. Nothing is said about \$500 being the lowest price the city would accept. The city solicitor will probably be called on to settle the matter.

There is every indication that sooner or later a gang of counterfeiters will be run to earth in this section, if it has not already been. Yesterday afternoon Tobe Powell, of near Hardin, Marshall county, was arrested by Officer Waldrop, of Mayfield, for passing two counterfeit \$20 bills at Mayfield a few days ago in a horse trade. The bills were exactly the same as the one passed here by a shantyboat woman on a grocer, and the one H. B. Duncan attempted to pass on West Court street, being photographs of a Mayfield bank note. All were evidently printed from the same photographic plate, and the work is very crude when examined closely. Powell was taken to Mayfield for trial.

It is possible Mayor Yeiser will appoint his board of public works tomorrow night when the board of Aldermen meets, but it is not certain. It is still a matter of doubt who will get the appointments, but a gentleman who professes to know states that neither Messrs. S. A. Fowler, E. P. Noble nor former Councilman Wm. Hummel will be members of the board these three having lately been mentioned in connection with the places. Mr. Fowler would have to resign his place as wharfmaster to become a member of the board.

No one has yet been arrested for the theft of jewelry at Warren & Warren's jewelry store several nights ago when the window was broken. A suspect was questioned because he had his hand tied up, but proved not to be the

ONE MAN RELEASED

William White is Believed to be Innocent.

The Other Colored Brakeman, Wm. Lightfoot, is said to Have Killed Roy Sloan.

TRIAL SET FOR FRIDAY

William White, the colored brakeman who acknowledged that he let Roy M. Sloan, who is alleged to have been murdered by trainmen at Woodstock, Tenn., Sunday night, ride on his train, was yesterday afternoon released by Police Judge D. L. Sanders, the evidence not connecting him with the murder.

William Lightfoot, however, the negro arrested here, is being held and will be given a preliminary hearing before Judge Sanders Friday morning, when it will be determined whether or not the evidence is strong enough to justify him in being held and sent back to Tennessee for trial. In speaking of the matter this morning Judge Sanders said: "I didn't think the evidence against White strong enough to hold him over and send him back. Now suppose I had done this and White was caught and mobbed at Woodstock by the indignant white residents. Maybe he is innocent and then I would be in a measure responsible for his death. This kind of business is risky, and from all evidence before me White had nothing to do with the matter and is a hard working negro."

Lightfoot, however, will be tried and it is said that he is really the guilty person. Officer Dick Tolbert, the I. O. watchman here, who arrested him with Detective J. Cunnay at the pay car yesterday, stated that Engineer F. F. Hudson and his fireman, Mr. C. R. Dean, would both swear that Lightfoot and Sloan got on the engine together at Woodstock and secured drinking water. Lightfoot got impudent and Hudson kicked him off the engine. Lightfoot claims he was on the train and on the contrary was in Paducah, arriving here on the night of the 15th. The murder was committed on the 16th so this would let Lightfoot out, if his story be true.

"We can prove beyond a doubt," an I. O. Detective stated this morning, "that Lightfoot is the man. Whoever did the killing used a lantern on Sloan and beat his brains out. After having accomplished this, the body was thrown off the train. It is one of the most horrible murders on record. Lightfoot once beat up Conductor Fink, in an unequal fight, and has done other things of a criminal nature and is generally considered a bad negro."

AGED CITIZEN.

MRS. MAMMEN, SR., DIES FROM PARALYSIS.

Mrs. Katherine Margaret Mammen, wife of Mr. Henry Mammen, Sr., one of Paducah's oldest and most respected citizens, died at her home at 1013 South Fifth street this morning at 4 o'clock of paralysis after only a few days' illness.

The deceased was a Christian lady of the highest standing and has many friends who will regret to learn of her death. She was born in Oldenberg, Germany, October 29, 1834 and came to this county 45 years ago and married on arrival. She leaves the following children, who besides her husband, survive her: Mrs. Lawrence Petter, Mrs. Frank Petter and Henry Mammen, Jr., of Paducah, and John F. Mammen, of Owensboro.

The funeral will take place tomorrow afternoon at the German Lutheran church Rev. Rupprecht officiating. Interment at Oak Grove.

The jewelry found on South Tenth street was turned over to Mr. Warren.

THE NEW MILEAGE

134 Miles of Railroad Built in
Kentucky.

Increase in Earnings, and An Enor-
mous Increase in the
Business.

A LATE RAILROAD REPORT

Kentucky railroads increased their mileage 134 miles in the year 1903, and the gain is officially stated in the report of the railroad commission, which was given out by Chairman C. C. McChord. The total mileage in the state is 3,189, according to taxable tabulation, and, in addition to that, 95 miles have been constructed to date for the fiscal year ending June 30, 1903.

The earnings of the roads entire were \$30,123,748, an average of \$9.446 a mile. During the year the net earnings increased from \$2,778, during 1902, to \$3,039 for 1903. Great improvement in the physical condition of the Kentucky railroads is reported by the commission. Heavier rails have been laid and new steel bridges have in many instances replaced the old wooden structures. The lumber industry has been given impetus by the activity of railroads, thousands of old ties having been replaced with new ones.

The tonnage offered in the state has been greater than the equipment of the roads could handle, though every effort in that direction was made. While conditions have improved, the commission says that not all roads have kept pace with the enormous growth in traffic. Expenditures for rolling stock and motive power, however, have been made as rapidly as the factories could fill their contracts.

KING OF SPAIN

WILL NOT BE PERMITTED TO
MARRY A BLOOD RELATIVE.

Rome, Jan. 20—Merry del Val, papal secretary of state, himself a Spaniard, of distinguished family, wrote a confidential letter to Queen Maria Christina advising her that Pope Pius will, under no circumstances, grant a dispensation to allow King Alphonso to marry a blood relative. The announcement was made in consequence of the "newspaper betrothal" between Alphonso and his 13 year old cousin, Maria del Pilar of Bavaria. The story it is believed, was given out in order to ascertain the holy father's views on marriages between blood relatives. As a matter of fact, the Bavarian princess could not possibly be acceptable, as her own mother had to secure a dispensation from Pope Leo to make possible her marriage to the Bavarian cousin. Rampolla helped her to achieve that end, but he is now out of office and Pope Pius has more decided views on the subject than his predecessor.

SAM JONES

GIVES A FEW POINTERS ON THE
PANAMA CANAL.

Atlanta, Ga., Jan. 20—Rev. Sam P. Jones, the noted Georgia evangelist, writing from Texas, says:

"Find Texas is in favor of digging the canal. If I hear things right in Texas, Bailey's and Culberson's names are Dennis if they help to defeat the Panama project, for I repeat the fact, the south would rather have the Panama canal than a score of Democratic presidents, and they will receive more good from the canal than they will at the hands of a hundred Democratic presidents. Really, the business interests of this country are opposed to Democratic victory, anyway. Democrats seem to have sense enough to run states and cities, but the national government seems to be too big for them to run. Texas, like all the southern states, wants the canal, and if the Democrats want to act the fool again, let them make this an issue in the coming campaign. Then I can beat them with a Republican yell dog."

It is stated that King Peter, of Servia, is ready to abdicate the throne.

OTHER KENTUCKY ITEMS

Lexington, Ky., Jan. 20—Mrs. Emily Green Varden was granted a divorce from the Rev. George Varden, of Paris, Ky., here. Mrs. Varden alleging cruel and inhuman treatment. In granting the divorce Judge Parker stated that in the testimony no evidence had been produced sustaining the allegations in the petition, and he exonerated Dr. Varden of the charge made by his wife. Mrs. Varden was also allowed \$800 a year alimony for the support of herself and two children. The court maintains charge of the children, but leaves them in care of the mother, and will allow the lawyers for both sides to agree as to the time in which the father will be allowed to see them, and if the attorneys fail to reach an agreement Judge Parker will himself set apart a day in each month for Dr. Varden to be with his children.

THE VETS HONORED

A Large and Enthusiastic Crowd at the Court House

Several Splendid Addresses Delivered at Confederate Veteran Celebration.

CROSSES OF HONOR GIVEN

A more enthusiastic crowd likely never assembled in Paducah than the one which attended the celebration of General Robert E. Lee's birthday at the county courthouse last evening. There were several hundred packed into the court room, and the veterans marched from the city hall led by Deal's band.

The room was decorated with Confederate flags, and the veterans occupied seats behind the railing.

Judge Lightfoot made the announcements and Rev. Hamilton, of the Third street M. E. church, led in prayer. Miss Eugenia Clark, the authoress, read a glowing tribute on the life of the distinguished man, and was followed by Rev. John W. Sykes, of Grace Episcopal church, one of the most eloquent divines ever heard here, in an address on the south.

Mrs. W. C. Schofield sang a patriotic selection that brought down the house and so delighted were all present that she was forced to respond to an encore.

Colonel R. J. Barber, whose eloquence unfortunately the people have never had many opportunities to enjoy, also delivered an address and it was one of the most polished, logical and entertaining ever heard here.

The little crosses of honor were then pinned to the coats of each veteran as his name was called by Adjutant Greif, the young ladies performing the service. There were cheers and applause, the crowd sang "Old Kentucky Home" and after an impromptu address by General H. B. Lyon, of Edyville, the meeting adjourned. The meeting was a great success, and more enthusiasm could not have been bottled up in such a small space.

The veterans decorated with the crosses were:

R. J. Barber, Dr. J. G. Brooks, S. B. Davis, W. S. Dick, J. M. Ezell, T. B. Fauntleroy, James Gish, W. T. Gleason, J. V. Greif, H. W. Hand, William Haley, Joseph H. Hancock, H. W. Hawkins, Thomas Herndon, J. T. Hill, J. W. Hudson, James Koger, Charles Lofland, Judge L. C. Linn, of Murray; General H. B. Lyon, of Edyville; R. M. Miles, Major Thomas E. Moss, John McCreery, W. B. Mount of Edyville; Dr. D. G. Murrell, W. B. Padgett, W. H. Patterson, R. G. Pell, J. E. Potter, Colonel Charles Reed, Reuben Rowland, B. H. Scott, A. N. Sears, O. L. Thompson, A. W. Townsend, Joseph Ullman, J. L. Webb, William Whitefield, Captain John N. Williams, of Murray, and Robert Wilkins.

ROSE TO RUN

FOR GOVERNOR OF ILLINOIS, ACCORDING TO POLITICIAN.

Washington, Jan. 20.—Gen. James R. Campbell of McLeansboro, Ill., was here and he did not hesitate to proclaim that he is for James A. Rose, of Golconda, secretary of State of Illinois, for Governor, and that Mr. Rose will announce his candidacy at the annual Republican love feast in Springfield on January 27.

MANAGER BACK

FINDS THE WESTERN UNION LINES IN GOOD SHAPE BELOW HERE.

Manager E. A. Roper, of the Western Union, returned this morning from a trip to Wickliffe and other neighboring cities where he made inspections of the telegraph lines of his company. He states that he found them all in good shape.

A BIG INCREASE

In the Illinois Central Business About Here.

Many Cars Carried Through Paducah On Account of Rush Between Fulton and Cairo.

OTHER RAILROAD HAPPENINGS

Traffic on the Fulton and Cairo main line division of the I. C. is so heavy that freight is being brought from Fulton to Paducah and then to Cairo over the Cairo extension. This is being done to relieve the heavy traffic on that few miles of road between Fulton and Cairo. Traffic has been so heavy that several fast passenger trains have been seriously delayed of late. A total of 400 loads will be brought through Paducah within the next few days.

A well known official of the I. C. stated this morning that he had not seen business accumulate so quickly as it has on the Louisville and Memphis divisions of the I. C. during the past three years. The traffic on these divisions is so heavy constantly that double tracking became an absolute necessity.

The traffic on the Louisville and Memphis divisions of the I. C. is still heavy but is not congested seriously, not enough to interfere with the running of the passenger trains. The noon passenger train from Memphis has been making better time of late.

This morning three passenger agents of big railroads were in the city on business. They were Messrs. J. M. Stone, Big Four; C. B. Ogle, Burlington Route and W. D. Wood, Wabash road. They went east from here.

Mr. George Morthland, of the N. C. and St. L. road, went to Perryville, Tenn., this morning to relieve his brother, Mr. Grover Morthland, who will return home and visit relatives tomorrow.

LOST IT ALL

BUT HAD A CHANCE TO COM- PROMISE AT ONE TIME.

It is understood that at one time the attorneys for the plaintiff in the suit of Harry Watson administrator against the I. C., in which an \$18,000 verdict was returned, had a chance to compromise for \$10,000, but held out for \$12,000. Yesterday the court of appeals reversed the case and they got nothing unless there should be returned another verdict at a subsequent trial. The boys was killed in Mechanicsburg by a car knocking staves over on him.

HE WILL LEAVE

CHURCH COUNCIL ACCEPTS REV WULFMAN'S RESIGNATION.

The resignation of Rev. B. F. Wulfman, of the German Evangelical church was accepted last night at a meeting of the church council, called for the purpose of acting on the resignation. Rev. Wulfman desired this action, believing that his new field at Springfield, Ohio, will afford him opportunity for greater good. He has been pastor here for several years and is an eloquent and popular young minister. He will not leave Paducah for several weeks yet.

COUNTY BOARD

State Board of Health Names McCracken Members.

Dr. Frank Boyd Is Reappointed, Thus Indorsing His Side of Small-pox Controversy.

ANXIOUS ABOUT HOSPITAL

The state board of health has appointed a county board of health for McCracken county.

Those appointed on the board are Drs. Frank Boyd, P. H. Stewart and Horace T. Rivers. The board is the same as it has been except Dr. Stewart was appointed in the place of Dr. J. Q. Taylor. The appointment holds for two years. The state board has always been very proud of the McCracken board, and the reappointment of Dr. Boyd is a complete indorsement of his course a year or two ago when he and the county authorities clashed over the smallpox situation in the county.

The members of the county medical society, particularly the city members, are anxious over the status of the new city hospital matter, and will urge that something be done immediately towards building the hospital.

Some time ago a committee was appointed or was authorized, to confer with doctors and select a suitable location for the hospital. The doctors say the councilmen have said nothing about it and would like to arrange a meeting as soon as possible and get into active work. The physicians are greatly interested in the matter and are anxious to see it completed before the summer is out. The legislative boards are very slow both in the hospital, market house and brick street matters.

MEET FEB. 15TH

THIS TIME THE K. I. T. MAGNATES WILL GATHER AT JACKSON.

A meeting of K. I. T. officers has been called for Jackson, Tenn., for February 15, and Manager Sam Jackson, of Paducah, will attend. At this time it is expected to decide what cities are to compose the league. Both Washington and Vincennes, Ind., want to come in, and Jackson, Tenn., which was thought to want to drop out, denies and it is said will have a crack club this season.

HOD CARRIERS RAISE.

It is understood that in addition to the brick layers demand for more wages effective April 1st, the hod carriers have also made a demand for an increase of twenty-five cents a day. The brick carriers get \$1.75 and the mortar carriers \$2 a day and they both want an increase. It is reported that the contractors will prepare a scale of wages and submit it to the workmen, which would leave the two in the unique position of both making demands on the other.

Weakness in Men

A Michigan Specialist Finds an Easy Way to Cure Any Case of Sexual Weakness Even in the Oldest Men. This Wonderful Cure Has a Most Marvelous Record of Successes.

SENT FREE TO ALL WHO APPLY IN WRITING

There are thousands of cheerless homes in this country filled with discontent and unhappiness, lacking in love and companionship, through the sexual weakness and physical impairment of a man whose years do not justify such a condition. Indiscretions, abuses and recklessness often cause a temporary cessation of vital power that instantly yields to the wonderful treatment discovered by the great specialist, Dr. H. C. Raynor, of Detroit, Michigan. It has remained for this great physician to discover that sexual weakness and similar troubles can be cured and in remarkable short space of time. This treatment does not ruin the stomach, adding the miseries such injury entails, but it is a new treatment that easily and quickly restores youthful vigor to men as old as 85.

The discovery is beyond doubt the most scientific and comprehensive that our attention has ever been called to. From all sides we hear private reports of cures in stubborn cases of sexual weakness, enlargement of the prostate, varicocele, spermatorrhea, lost manhood, impotency, emissions, premature, shrunken organs, lack of virile power, bashfulness and timidity and like unnatural conditions. It does this without appliances, vacuum pumps, electric belts or anything of that kind.

Satisfactory results are produced in a day's use and a perfect cure in a short time, regardless of age or the cause of your condition.

The lucky discoverer simply desires to get in touch with all men who can make use of such a treatment. They should address him in confidence, Dr. H. C. Raynor, 161 Luck Building, Detroit, Mich., and immediately on receipt of your name and address it is his agreement with this paper to send you a free receipt or formula of this modern treatment by which you can cure yourself at home.

MUCH SMALL POX

IS REPORTED ABOUT KNOXVILLE, TENN.

Dr. H. E. Childress, the well known local specialist, this morning received a letter from Dr. G. C. Childress, his brother, who resides in Knoxville, Tenn., in which he stated smallpox is prevalent and that over 400 cases are quarantined.

One young lady by kissing five persons spread the disease among a dozen. The situation is alarming and a strict quarantine is being maintained. Dr. Childress is a pharmacist in Knoxville.

Two hundred persons narrowly escaped death as the result of a fire in a five story apartment building in Marion, Ind. The bravery of a porter was the cause of the salvation of many of the inmates.

Whittaker Wright, the alleged promoter, is on trial in London. He took the stand in his own behalf today.

DAILY THOUGHT.

"Avoid looking forward or back-

FIGHTING THE TRUST.

The tobacco question is just now
causing a great deal of discussion
throughout the state and in other parts
of the country, and the general opin-
ion seems to be that the only solution
of the trust problem is for the farmer
who is now raising tobacco at small
or no profit, to stop raising it entirely.
One thing is certain, and that is if
growers do not desire to raise tobacco
they are not compelled to, and another
thing equally evident is that the
trust can't raise tobacco itself, and
eventually will have to pay the grow-
er's price or do without.

Says the Louisville Herald:
"Buyers for the trust have started
out to purchase the coming crop at \$5
per hundred for good and \$1.50 for
logs. It is admitted by growers that
at \$6 and \$2 respectively, there is a
bare living profit in raising the crop,
but they claim that the new price
shuts off any inducement to produce
the weed. The trust people point out
on the other hand that the foreign
stocks are supplied two or three years
in advance of the demand, and that
therefore the overproduction has made
the price for the next crop according
to the well known law of supply and
demand."

"The dark crop of 1903 was unusu-
ally fine in quality and quantity and
yet there was disappointment in the
price it brought. None of this ap-
plies to the burley crop, which is an-
nually finding a large market. It
seems quite certain that for 1904 there
will be no money in dark tobacco and
if Western Kentucky farmers can put
their ground to other uses the change
will be profitable in the future. It
will permit the consumption of the
excess stocks on hand, it will rest the
ground and above all it will give the
farmers an opportunity to experiment
in the rotation of crops by which the
production of tobacco at good prices
can be regulated."

"The only chance for the farmers is
to organize as the purchaser organizes
and to control the production so that
the price will always be sufficient.
The bills to take the manufacturing
tax off tobacco put up by the growers
are at best mere makeshifts of relief
and will not be productive of material
benefit to prices. Besides, there is
little prospect that any of these bills
will pass. The tobacco area is mostly
confined to Kentucky, Virginia, Mis-
souri and Tennessee, and it seems
quasiotic to expect the rest of the coun-

try to take an interest in the measure.
The movement to limit the dark crop
in Kentucky will be watched with in-
terest."

W. J. BRYAN'S MODESTY.

W. J. Bryan seems to accept his
waning political importance with a
great deal of sadg froid. In fact, it
seems that although it is evident to
most of the leaders of the Democratic
party that Mr. Bryan is politically
dead, he himself is too obtuse to per-
ceive it. He declines to abandon free
silver, which shows that he is unwill-
ing to accept the verdict of his own
party. He indicates that he will at-
tempt to run over the party he has al-
ready wrecked, by forcing on it again
the moribund Kansas City platform.
He said at the "dollar dinner" night
before last:

"The Kansas City platform is sound
in every plank, and the first act of the
next Democratic convention should be
to reaffirm it in its entirety, and its
next act should be the addition of new
planks in harmony with it and cover-
ing such new questions as demand con-
sideration."

"Then the convention should select
candidates who believe in the platform
—Democrats whose Democracy will
not be at issue in the campaign and
whose fidelity to Democratic principles
will not be doubted at the election."

Some men are determined to rule or
ruin, but Mr. Bryan seems bent on
doing both. About the most egotisti-
cal thing proposed recently is that of
running his weekly Commoner daily
at St. Louis during the Democratic
convention. Mr. Bryan probably im-
agines the Democrats will not have
sense enough to pull off the conven-
tion, get up a platform and select can-
didates if he is not there with his so-
cialistic organ to inspire them. A
man with half sense enough to be pre-
sident of the United States would not
try to be quite so important in a party
that he has twice led to defeat and is
daily seeing repudiate him and his
theories.

Judge Guffy has introduced a bill
in the legislature making it a fine to
have, run or play with slot machines.
This bill seems to be "loaded." The
present law makes it a felony, and yet
the machines are running all over Lou-
isville. What attention will be paid
to the law when it is made only a mis-
demeanor to own, run or dally with
that uncertain source of wealth, the
slot machine?

Some of the Louisville people are
flinging a few fits over a cock fight
that was held some where near there a
few days ago, and threaten to prevent
a recurrence of the event. If the Lou-
isville sports want to fight their chick-
ens they ought to do as we do here
—cross the river into another state
where the county officers are too slow
to catch cold.

Senator Thomas C. Platt, of New
York, says that Senator Hanna will
not be a candidate for the Republican
nomination and will not permit the
use of his name. If Senator Hanna
really had any intention of becoming
a candidate it looks as if it is about
time some of the big leaders were find-
ing it out.

The presidential race among Dem-
ocrats ought to be ended now. The
Mayfield Messenger has come out for
W. R. Hearst, and declares with pro-
found reverence: "The people know
him; they trust him; they love him,
and if he receives the nomination they
will surely elect him president of the
United States."

GOOD SPIRITS.

Good spirits don't all come from
Kentucky. Their main source is the
liver—and all the fine spirits ever
made in the Blue Grass state could
not remedy a bad liver or the hundred
and one ill effects it produces. You
can't have good spirits and a bad liver
at the same time. Your liver must
be in fine condition if you would feel
buoyant, happy and hopeful, bright
of eye, light of step, vigorous and suc-
cessful in your pursuits. You can
put your liver in fine condition by us-
ing Green's August Flower—the great
est of all medicines for the liver and
stomach and a certain cure for dyspep-
sia or indigestion. It has been a fa-
vorite household remedy for over 35
years. August Flower will make
your liver healthy and active and thus
insure you a liberal supply of "good
spirits." Trial size, 25c; regular bot-
tles, 75c. For sale by DuBois, Kolb
& Co.

RABBI ENLOW ON IBSEN'S GHOSTS

"No man need be swayed by the
ghosts of his ancestors."
This statement was made by Rabbi
H. G. Enlow, formerly of Temple Is-
rael here, in a sermon delivered at the
Temple Adas Israel at Louisville.

Rabbi Enlow was commenting on
Ibsen's strong problem play, entitled
"Ghosts." In a strong discourse
Rabbi Enlow severely attacked the
lesson to be deducted from Ibsen's pro-
duction. He maintained that a man
need not be shackled by the ghosts of
his ancestors, and that Ibsen's hero is
merely a type of weak men with
which the world is too largely filled,
but whose qualities should be avoided
and taken as a warning that a man
should rise above the ghosts of his an-
cestors.

At a certain stage in life every man
realizes his moral weakness, as well
as his physical imperfections, Rabbi
Enlow said, and it is when this real-
ization comes that the man must be-
gin the struggle against the "ghosts
of his ancestors," if the struggle is to
be made at all. He contended that
when this realization comes the man
has the choice to either succumb to
the influence of the ghosts of his an-
cestors or else to battle against them
and rise paramount to his inheritance.

Rabbi Enlow argued that a man
with the magnificent talents which
Ibsen's hero is portrayed to have could,
if he but set his mind to the task, rise
superior to his paternal inheritances.

"The consciousness of power makes
man glad to live," said Rabbi Enlow
further along in his sermon. "Life
is the opportunity for gratifying de-
sires and realizing ambitions. Better
the days of suffering and unrealized
hope than the days of complete achieve-
ment. Power is joy and youth is the
dawn of power."

In this connection Rabbi Enlow ex-
plained the happiness of youth by say-
ing that in this stage of life the man
begins to realize his power.

"The boy says, 'I shall do this or I
shall do that,'" said Rabbi Enlow.
He adduced from this lesson that there
is joy and happiness in the realization
of power.

"Mock and belittle a child and you
have successfully thwarted his educa-
tion because his knowledge of power
is crushed and he becomes a victim of
the ghosts of his ancestors."

Rev. R. A. Elwood of Wilmington,
Del., on charges in connection with
the preaching of a sermon by him last
June, entitled "Should the Murderer
of Helen Bishop Be Lynched?"

The trial will take place in the Pres-
byterian church at Newcastle on Feb-
ruary 2. The action taken is in line
with instructions given the presbytery
by the synod of Baltimore, which has
jurisdiction over the Newcastle pres-
bytery.

The complaint against Mr. Elwood
is that he delivered a sermon at Wil-
mington which, it is alleged, so worked
up the people that the next night a
mob gathered, stormed the workhouse,
took out George White, the colored
man who confessed to assaulting and
killing Helen Bishop, and burned him
to death at the stake.

NOTHING DONE

THE LEATHERWORKERS STRIKE
IS STILL ON.

The employees of the E. Rehkopf
harness, saddle and collar shops who
are out on a strike because of Mr.
Rehkopf's refusal to sign the new
scale, have done nothing towards
effecting a settlement.

One leatherworker stated this morn-
ing that Mr. Rehkopf was not inclined
to talk to them about his plans and
would agree to no conference in which
they might convince him that they
were not asking too much. They scout
the idea of an "open shop," claiming
that there are very few leatherworkers
in the country who are not unionized.

A large number of bills affecting
the school system of the state will be
introduced in the legislature.

Mayor Wyncoop, of Severance, Kas.,
has issued a proclamation stating that
if the old bachelors of the town turn
down offers of marriage during leap
year they must leave town.

UNITED STATES SENATOR THURSTON, The Brilliant Statesman from Nebraska, Makes an Important Public Utterance.

INTERIOR OF THE UNITED STATES SENATE CHAMBER.

Ex-Senator John M. Thurston, of Omaha, Nebraska, is one of the most prom-
inent and influential men in the country. He made the speech nominating Pres-
ident McKinley at the St. Louis convention, and was made permanent Chairman
of this convention. He was also made Chairman of the convention that renom-
inated the late President McKinley at Philadelphia. He was appointed by Pres-
ident McKinley to be Chairman of the St. Louis Exposition Commission.
This prominent gentleman recently wrote the following letter to The Peruna
Medicine Co., of Columbus, Ohio:

Washington, D. C., April 6, 1901.

"I have used Peruna at various times during the past year or two
with most satisfactory results.

"It entirely relieved me from an irritating cough—the result of
excessive effort in the presidential campaign, and I am a firm be-
liever in its efficacy for any such trouble."—Jno. M. Thurston.

Catarrh has already become a national
curse. Its ravages extend from ocean
to ocean.

More than one-half the people are
affected by it. It has become such a
serious matter that it has passed the
boundaries of the medical profession
and become a national question. Sena-
tors are talking about it; Congressmen
are discussing it.

They are not only considering the ex-
tent and chronic nature of the disease,
but the possibility of finding a national
remedy to meet this national calamity.

The catarrh remedy, Peruna, seems to
be the main expectation in this direc-
tion.

Dr. Hartman, President of The Hart-
man Sanitarium, devised the remedy,
Peruna, over forty years ago, and the
remedy as a catarrh cure has been grow-
ing in favor steadily all these years.

It stands to-day before the nation as a
thoroughly tested, accurately scientific
remedy.

The Cost of Living.

What is the cost of living?
The price of bread and a bone?
The first of the parched lips for drink
Cry for food alone?
M. fact and figures,
C. have writ the scroll,
The cost as a huckster's charge,
Over a thought of soul?

Ye with the bloodless story
Of figure and fact arrayed,
Heard ye no tale of the mother's pain
On the bed where the child is laid?
Ye tell of the cost of living—
Took ye no thought on it;
The anguish price that a mother pays
And the patience infinite?

What is the cost of living?
Saw ye no blind and lame?
Heard ye no cry of a soul's despair?
Saw ye no blush of shame?
Met ye no disappointed?
Dried ye no tearful eye,
That wept over the clay of an idol, dead,
Ere the sun was noonday high?

What is the cost of living?
Heard ye of none who died
High on a cross of shattered hopes
And longings unsatisfied?
Saw ye no slaves, unwilling,
Heard ye no bitter cry
Of men accursed with the taint of sin,
Fearing to live or die?

What is the cost of living?
All of our toil and tears,
All of our doubts and sorrows,
All of our woes and fears,
Grim and with greed unceasing
Life for his debt claims pay,
Never the sum decreasing,
Now, or ever, or aye.

Electric Vs. Steam Railways.

It will perhaps surprise some per-
sons to learn that electric railways
carry eight times as many passengers
as steam railways carry. There are
987 electric railway companies, against
2,057 steam railway companies. The
electric roads have 16,648 miles of
line, against 197,237 miles of steam
line. The former have 67,199 cars,
against 1,550,833 cars on steam rail-
ways. The total capitalization of elec-
tric roads is \$2,145,606,645, against
\$11,688,147,091 for the steam roads.
The earnings are \$241,584,697, against
\$1,588,526,037, and the net income
\$30,955,233, against \$241,511,318. The
electric roads are ahead also in the
number killed and injured, the killed
numbering 1,216 and injured 47,428,
against a record of but 282 killed and
4,988 injured on the steam roads. The
latter have over ten times the mile-
age of the electric roads, but the elec-
tric roads run chiefly through the
crowded streets of cities.—Baltimore

THE YOUNG MAN ROSE

WILLIAM HENRY ATTAINED THE
GOAL SOUGHT.

Reached High Altitudes of Fame and
Sunk to Depths of Glory—But in
the End a Mighty Fine Farm Hand
Was Spoiled.

Poverty may be a handicap to some
young men who are born with the
shadow of the hoe and the skeleton-
like form of the hay fork before them,
but to William Henry Stubbs it is
nothing more than an inspiration, a
soul absorbing desire to reach the
higher attainments of life as well as
the lowly scud.

He acquired early a reputation as
a rising young man when he offered to
go up in the balloon at the country
fair in place of Monsieur Dago Soar-
bus, who had been hitting the rural-
istic hard cider all forenoon and was
not acquainted with the bird—in con-
sequence of which Monsieur had gone
into retirement for the rest of the day.

William Henry rose with an adagio
movement that was the very poetry
of action.

After that William's life was a
dream, and he forgot to notice his
former comrades. He became both a
success in the lofty art of raising as
well as falling. He soared up in a
balloon and came down in a large
parachute; he made bags of mon, and
was the envy of all who came in con-
tact with him. Few young men of
19 ever reached such high altitudes
of fame or sunk to such depths of
glory.

He got the huzzahs at both ends of
the flight, and reaped the plunks
thereby. He received the merry shout
when he went up and he was smother-
ed by the loud acclaim when he came
down. The vociferous plaudits were
mingled with the soothing rustle of
the long green and the dazzling clink
of the yellow boys at either end of
the route, and he always got his gate
receipts, whether the thing panned
out good for the managers of the fair
or not.

He might have dragged along
through life hoeing corn, tossing
clover to the knee or chopping the
fine cut for the toothless nag—but he
aspired to go up as well as come
down. Last week he went up—and
then he came down.

Pop said a mighty fine farm hand
was lost when they pried William
Henry Stubbs' form from the daisies.
The good folks who had paid their
coin to see a fool human being try
to soar like a bird and drop like a
chunk of lead because something failed
to work all smoothly and properly
drove home in the gloaming with the
idea that man though born toothless
was not destined to wear wings and
fly—that is, not always, or at least
not until his time comes.

Agricultural Returns.

The average gross returns from all
cultivated lands in the country is less
than \$19.50 an acre, and for cereal
crops only \$8.02 an acre.

Sounds Explosive.
Lynbomir Ziskovits was one of the leaders of the Serbian revolt. A man who can carry around a name like that is fit for any sort of wickedness.

WORRY

A SURE STARTER FOR ILL HEALTH.

Useless worrying (a form of nervousness) is indirectly the result (through the nerves) of improper feeding. A furniture man of Memphis says:

"About a year ago I was afflicted with nervous spells, would worry so over trivial things.

"I went to consult one of the best physicians in Memphis and he asked among many questions if I drank coffee.

"His advice was: 'Go to some provision store and get a box of Postum, drink it in place of coffee and as you are confined to your desk to a great extent try and get out in the open air as much as possible. I followed his instructions regarding the Postum.

"At that time my weight was 142 and I was taking all kinds of drugs and medicines to brace me up but all failed; today I weigh 165 and all of my old troubles are gone, and all the credit is due to having followed this wise physician's advice and out off the coffee and using Postum in its place.

"I now consider my health perfect. I am willing to go before a notary public and testify that it was all due to my having used Postum in place of coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason for quitting the drug-drink coffee, and there's a reason for drinking Postum. Trial 10 days proves them all.

Look in each package for a copy of the famous little book, "The Road to Wellville."

TWO KILLED.

AND MANY SHOTS FIRED AT
CARTERVILLE, ILL.

Carbondale, Ill., Jan. 20.—Anna Humphreys and her sister, aged respectively 21 and 19, were killed, and Mrs. M. Mitchell fatally wounded by a volley of shots fired into a dance hall at Carterville. Following the fusillade Joseph Duncan, was probably fatally shot, as a result, it is supposed of the same quarrel.

The authorities attribute the outrage to a disagreement between Duncan, Ben Orr, and others over the partners in the dance.

Finally Duncan and Orr left and a few moments later fully 75 shots were fired into the hall. Miss Hall and her sister fell instantly.

The reports aroused the entire city and for a time pandemonium reigned. Half an hour later, when the hall had been closed, Duncan was shot on his way home.

He was accosted at a lonely place in the road by an unknown man, who after asking who he was, fired both barrels of a shotgun into his body.

Orr and Duncan were both held by the coroner's jury for the death of the Misses Humphreys.

MUCH MONEY

WILL BE APPROPRIATED FOR
RURAL FREE DELIVERY
THIS YEAR.

Washington, Jan. 20.—The sum of \$300,000 will be appropriated and made available as an emergency appropriation for rural free delivery. The funds for the current fiscal year will be exhausted by March 1, and the attention of the House committee on appropriations has been directed to this fact by the postmaster general. The item will be incorporated in the urgent deficiency bill and encounter no opposition. It is desired in order that the extension of the service may be continued uninterrupted.

No conclusion has yet been reached by the House committee on post offices relative to increased salaries for rural carriers. If the committee refuses to report an item carrying increased salaries the matter will be fought out on the floor.

PRESIDENT LOUBET

IT IS FULLY EXPECTED THAT
HE WILL RESIGN.

Paris, Jan. 20.—The rumor of M. Loubet's forthcoming resignation is daily gaining credence. The president of the republic is tired of continually signing libticide decrees, though he has signed so many one can not help wondering why he should want to stop now.

M. Loubet does not hesitate to complain aloud of the impotence to which he is reduced by the terms of the constitution. He gives it clearly to be understood that if upon the occasion of his visit to Rome his ministers demand that he should assume a questionable attitude toward the Pope rather than submit to their exigencies he will resign his charge.

ITALIANS COMING.

NEARLY A QUARTER OF A MIL-
LION THE RECORD FOR
LAST YEAR.

Rome, Jan. 20.—The United States continues to be the chief objective point of Italian emigration, the number of emigrants going there in 1903 reaching a total of nearly 250,000. The government has intrusted Adolfo Rossi, inspector of immigration, with a mission to the United States for the purpose of studying with the United States immigration commission the best means of directing Italians to the agricultural states and of thus preventing the concentration in the large towns.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1 at DuBois, Kolb & Co.

Mr. Wilcox is an employee of the basket factory here and his brother was a farmer.

THE STROLLERS

By **FREDERIC S. ISHAM,**
Author of "Under the Rose"

Copyright, 1902, by THE BOWEN-MERRILL COMPANY

"Well, well," he said good natured-
ly, "if it's against your interests I have
no wish to press the matter." Where-
upon we shook hands heartily and parted.
I looked around for Constance,
but she had left the hall with Saint-
Prosper. Have I been wise in asking
him to join the chariot? I sometimes
half regret we are beholden to him."

From the Shadengo valley Barnes
company proceeded by easy stages to
Ohio, where the roads were more dif-
ficult than any the chariot had yet en-
countered.

The least of the strollers' troubles,
however, at this crucial period of their
wanderings were the bad roads, the
greatest being a temperance orator who
thundered forth denunciations of rum
and the theater with the bitterness of
a Juvenal inveighing prodigal Rome.
Whatever he was, "poet, orator and
dramatist, an English Gavazzi," or
"mountebank," "humbler" or "back-
slider," Mr. Gough was even at that
early period an antagonist not to be
despised. He had been out of pocket
and out at the elbows; indeed, his
wardrobe now was mean and scanty.
Want and privation had been his com-
panions, and from his grievous experi-
ences he had become a sensational
story teller of low life and penury.
Certainly Barnes had reason to lament
the coincidence which brought players
and lecturer into town at the same
time, especially as the latter was her-
alded under the auspices of the Band
of Hope.

Exceptional inducements could not
tempt the villagers to the theater.
Even an epilogue gained for them none
of Mr. Gough's adherents. "The Tem-
perance Doctor" failed miserably.
"Drunkard's Warning" admonished pit-
ifully few, while as for "Drunkard's
Doom" no one cared what it might be
and left him to it.

After such a disastrous engagement
the manager not only found himself at
the end of his resources, but hopelessly
indebted, and with much reluctance he
laid the matter before the soldier, who
had already advanced a certain sum
after their conversation on the night of
the country dance and had also come
to his assistance on an occasion when
the box office receipts and expenses
had failed to meet. Moreover, he had
been a free, even careless, giver, not
looking after his business concerns
with the prudent anxiety of a mer-
chant whose ventures are ships at the
rude mercy of a troubled sea. To this
third application, however, he did not
answer immediately.

"Is it as bad as that?" he said at
length thoughtfully.
"Yes, it's hard to speak about it to
you," replied the manager, with some
embarrassment, "but at New Or-
leans"

The soldier encountered his troubled
gaze. "See if you can sell my horse,"
he answered.
"You mean"—began the other, sur-
prised.

"Hanged if I will!" exclaimed the
manager. Then he put out his hand
impulsively. "I beg your pardon. If
I had known—but if we're ever out of
this mess I may give a better account
of my stewardship."

In spite of Barnes' refusal the sol-
dier offered to sell his horse to the
landlord, but the latter curtly declined,
having horses enough to "eat their
heads off" during the winter, as he ex-
pressed it.

Thus it was that the strollers per-
force reached a desperate conclusion
when making their way from the the-
ater on the last evening. By remaining
longer they would become the more
hopelessly involved; in going—without
their host's permission—they would be
taking the shortest route toward an
honorable settlement in the near fu-
ture—a paradoxical flight from the
brunt of their troubles to meet them
squarely. This, to Barnes, ample reason
for unceremonious departure was
heartily approved by the company in
council assembled around the town
pump.

"Stay and become a county burden,
indeed!" exclaimed Mrs. Adams trag-
ically.

"As well be buried alive as anchored
here!" fretfully added Susan.

"The council is dissolved," said the
manager promptly, "with no one the
wiser—except the town pump."

"An ally of Mr. Gough," suggested
Adonis.

Thus more merrily than could have
been expected, with such a distasteful
enterprise before them, they resumed
their way. It was disagreeable under-
foot, and they presented an odd appear-
ance, each one with a light. Mrs.
Adams, old campaigner that she was,
led the way for the ladies, elastic and
chatty as though promenading down
Broadway on a spring morning. With
their lanterns and the purpose they
had in view they likened themselves to
a band of conspirators. As Barnes
marched ahead with his light Susan
playfully called him Guy Fawkes of
gunpowder fame, whereupon his mind
almost misgave him concerning the
grave adventure upon which they were
embarked.

The wind was blowing furiously,
doors and windows creaked, and all
the demons of unrest were moaning
that night in the hubbub of sounds.

Save for a flickering candle in the hall
the tavern was dark, and landlord and
maids had long since retired to rest.
Amid the noise of the rain and the
sobbing of the wind trunks were low-
ered from the window, the chariot and
property wagon were drawn from the
stable yard and the horses led from
their stalls. In a trice they were ready
and the ladies, wrapped in their cloaks,
were in the coach. But the clatter of
hoofs, the neighing of a horse or some
other untoward circumstance aroused
the landlord. A window in the second
story shot up and out popped a head
in a nightcap.

"Here! What are you about?" cried
the man.

"Leaving!" said the manager laconic-
ally.

The landlord threw up his arms like
Shylock at the loss of his money bags.

"The reckoning!" he exclaimed.
"What about the reckoning?"

"Your pound of flesh, sir!" replied
Barnes.

"My score! My score!" shouted the
other. "You would not leave without
settling it!"

"Go to bed, sir," was the answer.
"And let honest people depart without
hindrance. You will be paid out of our
first profits."

But the man was not so easily ap-
peased. "Robbers! Constable!" he
screamed.

Conceiving it better to be gone with-
out further parley, having assured him
of their honorable intentions, Barnes
was about to lash the horses when
Kate suddenly exclaimed:

"Where's Constance?"

"Isn't she inside?" asked the man-
ager quickly.

"No; she isn't here."

"Oh, I sent her back to get some-
thing for me I had forgotten," spoke
up Mrs. Adams, "and she hasn't re-
turned yet."

"Sent her back! Madam, you have
ruined everything!" burst out Barnes
bitterly.

"Mr. Barnes, I won't be spoken to
like a child!"

"Child, indeed!"

KILLED BY A PIN.

Colorado Springs, Colo., January 20
—Homer N. Hayes of Kansas City,
Mo., died at the home of his parents
in Colorado Springs from the effects
of a pin swallowed a year ago. He
suffered no pain until recently, when
the symptoms were mistaken for those
of appendicitis. In the operation that
followed the pin was found. It was
rusty, the stomach was inflamed and
bore evidence of having been punc-
tured in various places. The pin was
removed.

it going through the roof. Only \$10
was in the safe. The thieves did not
disturb the revenue stamps. The affair
was a bungling job, and it is supposed
to be the work of local parties.

MADE BAD SHOT

BOY OF ILLINOIS BROUGHT HERE
FOR TREATMENT LAST
EVENING.

A load of small shot fired by Mike
Neftger, a young man of 24, at a rab-
bit, struck Chester Green, his 15 year
old brother-in-law, near Hamletts-
burg, Ill., yesterday afternoon and 17
of them lodged in his face, eyes and
breast. Green lives at Brownfield,
near Golconda, but was visiting the
other when they went hunting.

After the accident the boy was tak-
en to the nearest doctor, who, perceiv-
ing that the eyes had been struck
brought the boy to Paducah in order
to get a specialist. It is believed that
the young man's sight will be im-
paired. The other wounds are not se-
rious.

SOME GRUESOME HAPPENINGS

Chicago, Ill., Jan. 20.—Charged with
robbing the dead and dying at the Iro-
quois theater fire, three men have
been placed under arrest by the Iro-
quois police. The first of the alleged
ghouls to be captured was Louis Wilse
keeper of the Illinois saloon, located
at Dearborn and Randolph streets, a
few doors from the main entrance of
the theater.

It is charged that Wilse robbed the
body of a dying woman, Mrs. E. J.
Trask, the afternoon of the fire, secur-
ing \$199, which, it is alleged, was di-
vided among three men, two of whom
were arrested after Wilse. The police
claim to have received confessions
from all three men. The other two
arrested are Charles Conway, said to
have received \$20, and Thomas McCar-
thy, alleged to have been given \$27.
50. The third man, still at large, is a
stranger, who was given \$12. He is
said to be a traveling man from St.
Louis.

It is said that Wilse confessed that
\$210 was taken from the body of Mrs.
Trask of Ottawa, Ill., when she was
carried, dying, into the saloon. The
money was handed to Wilse by a phy-
sician attending the woman. Wilse is
reported to have given \$11 to the po-
lice and told them it was all she had.

Rumors of terrible happenings on
the night of the fire have come to the
police. In one instance it was said
that a man with his pockets full of
women's ears had been found dead.
It was said that he had been led by
greed for ear rings and jewelry to ven-
ture into the burning building.

Another story had it that a police-
man had struck and killed a ghoul
caught in the act of robbing a body.
Frightened because the thief was
dead, the policeman is said to have
left the corpse to be taken for that of
a fire victim. The police discredit
the rumor.

Perhaps the most terrible tale of all
is a report that men were seen cut-
ting ring-laden fingers from women,
who were still struggling in their
death agony.

One body which has never been
found is that of Mrs. Frank R. Green-
wald, 1895 Magnolia avenue, who per-
ished in the fire with her little son.
Mrs. Greenwald had \$1,000 in dia-
monds on her person, and considera-
bly money. The police say it is pos-
sible her body was buried by some one
who identified the body wrongfully.

DRIVERS ASSAULTED

POLICEMAN HAD TO BE CALLED
TO RESTORE A DEGREE
OF ORDER.

St. Louis, Jan. 20.—Five coal-
wagon drivers, temporarily placed by
Chris Schwachker on five carriages
ordered for the funeral of Peter Conis
a Greek merchant, were waylaid,
beaten and routed by fifteen men said
to be members of the Cabman's
Union, returning from Calvary ceme-
tery. One carriage was driven into a
ditch and left there. Policemen ar-
rested John Thralke, a cabman, who
is charged with taking part in the
attack. The others escaped. Members
of the Cabmen's union are out on a
strike.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

THE RIVALS.

Sir Anthony—John Jack.
Captain Absolute, under assumed name of Beverly—Guy Coombs.
Bob Acres—William W. Jefferson.
Sir Lucius O'Trigger—Joseph Jefferson, Jr.
Davids—Percy Plunkett.
Faulkland—Walter Woodall.
Fag—Harry Odlin.
Mrs. Malaprop—Folliott Paget.
Lydia Languish—Blanche Bender.
Lucy—Aileen Goodwin.

"The Rivals" was seen for the first time in Paducah last night at the Kentucky theater, and was one of the best treats of the season. There is nothing remarkable about the acting of W. W. Jefferson and Joe Jefferson, Jr., sons of the renowned "Rip Van Winkle." Their company, however, is one of the best balanced that ever occupied the boards here, and the audience, while not as large as it should have been, was enthusiastic from start to finish. Those who made individual hits and had to respond to repeated curtain calls, were John Jack as "Sir Anthony," Miss Folliott Paget as "Mrs. Malaprop," and Miss Blanch Bender as "Lydia Languish." The audience intended one vociferous demand for Mr. Guy Coombs, who played "Captain Absolute," but he gallantly gave it to the ladies.

The costumes were among the most gorgeous ever seen here. The young Jeffersons are good actors, but with such a company it would be very hard for even stars of the first magnitude to shine very brightly. All present last night were delighted with the performance, and Manager English received many congratulations on securing such a fine attraction.

Manager J. E. English will give a big 10 cent matinee Saturday afternoon with "The Mishaps of Hooligan," which is sure to please the children. The Middleton Stock company, which pleased a Saturday night crowd with "Hooligan," will play an engagement both afternoon and night at The Kentucky Saturday.

Tonight the great play, "Quincy Adams Sawyer," which has made a remarkable record in all the cities and is heralded as the greatest pastoral play on the stage today, will be seen at The Kentucky and judging from the advance sale it will pack the house.

Manager J. E. English today completed arrangements for the appearance here of Mr. Nat Goodwin on February 25. Mr. Goodwin will play "A Gilded Fool." Already requests are beginning to come in from neighboring cities for seats.

Mr. A. M. Miller, in advance of the Howard-Dorset company, is at Hotel Lagomarsino.

The New Craze.

The word "fashion" might be defined as the latest notion for pandering to the craze for excitement in the society set, says London Truth. In this sense ballooning is coming into fashion. It is being launched with all the prestige which money and rank can give. Santos-Dumont, who has at least the credit of having risked his life a dozen times, has shown that, for a person ready to throw away \$10,000 or \$20,000 a year, some very pleasant jaunts can be indulged in in midair. With a compact little airship, not much bulkier than a motor car, and not much more expensive, you can sail forth from your own piazza, pay a visit to a friend ten miles distant, and, provided the weather is calm, you can land again in your own house, having breathed some delightful whiffs of fresh, invigorating air.

CHOYNSKI KNOCKED OUT.

Boston, Jan. 20—Kid Carter of Brooklyn, knocked out Joe Choynski of Chicago, after two minutes of fighting in the first round before the Criterion Athletic club last night. Choynski had the better of the round up to the knockout when Carter landed a vicious right hand jab for the stomach and the Chicago man went down and out. The blow looked low to the spectators and the referee's decision awarding the bout to Carter was greeted with cries of "foul." Choynski was out nearly four minutes and appeared to be in great distress. The men were matched to fight 15 rounds.

Yesterday's Globe Democrat says: The steamer Chester arrived last evening from Cape Girardeau, where she has been in retirement during the cold weather. She will get four barges here, which she will take to the Tennessee river to be used in towing ties. She was the second steamer to arrive this year, the first being the New Haven, from St. Charles, a week ago.

Some Useful Recipes.

Among members of the Greek church in Macedonia the following recipes are regarded as highly useful: To pacify one's enemies write the psalm "Known in Judea," dissolve it in water, and give your enemy to drink thereof, and he will be pacified. For a startled and frightened man take three dry chestnuts and sow-thistle and three glasses of old wine and let him drink thereof early and late; write also "In the beginning was the Word," and let him carry it.
